Invocation or Inspiration in the Kiwanis Club of Glendale

PREFACE:

It is the Club's desire to be sensitive to the diversity of religious beliefs held by the Club's Membership. Kiwanis Club of Glendale has held a long practice of including a prayer as a component of opening its regular meetings. Prayer given by members does not reflect the opinions or religious beliefs of the club, as the club is non religious and non political.

POLICY:

The practice of an invocation as a component to the opening of regular club meetings for the Kiwanis Club of Glendale will be maintained. The Invocation should be an uplifting inspirational message or a prayer of the member's choosing. It is recommended that the invocation be non-denominational.
